Patient Focused Sign's Help Strengthen Communications for Healthcare Professions with the Use of Pull Tabs

Patient Focused Signage helps provide superior patient care by enhancing hospital staff communication and reducing safety risks by the use of their finger-tip accessible Pull Tabs. Pull Tabs feature informative messages that have easily changeable, printed paper insert icon graphics that are protected by a non-glare lens. The tabs are available in 12 different colors and can be configured to accommodate wall space availability.

Full Medical Icon Library Available for Pull Tabs!

Choose medical icons from our extensive list of standards or have us design custom icons.

Enhance Healthcare Professions By Providing Patient Focused Signs with Infinite Possibilities

Offer ADA Compliant patient room identification signage that unites vital patient information as well as isolation and precaution inserts. Our paper insert capabilities make updating sign information fast and easy. Add any additional functionality to your Patient Focused Signage by incorporating *magnet, dry erase, and/or cork board material.* With so many design and substrate options, our Patient Focused Signage possibilities are infinite.

These signs are perfect for (but not limited to):

- Hospital Patient Rooms
- Hospital Exam Rooms
- Resident Rooms in Critical Care Facilities
- Much More Additional Healthcare Locations

Pull Tab Sizes and Understanding the Minimum Wall Clearance

Consider the alloted wall space available for signage placement. You may encounter instances where wall space is limited and will need to adjust accordingly.

Standard Tab

Standard 2.125" H x 5.25" W
Paper Insert = 2" H x 3.5" W

Mini Tab

Mini 2.125" H x 4" W
Paper Insert = 2" H x 2" W

Patient Focused
SIGNS

Securing Tabs
Our tabs snap firmly into place when open to avoid accidental hallway traffic interference.

Taking Safety A Step Further
Utilize the HID or acrylic sign face paper insert area for precautionary warnings and/or isolation notices.
